

helping teens plan safer parties

Wednesday, November 16<sup>th</sup>, 2011

8:30am – 2:00pm

## Registration Form

### **Participants:**

We are looking for student leaders. SafeGrad groups might include a mix of student council members, leadership class members, grad or prom committee members, peer leaders/tutors, OSAID students, Social justice committee members, Student Athletic Association members or other students who demonstrate leadership in their schools and community.

Each school may bring a maximum of 8 people. This number includes your staff advisor. We strongly encourage at least one participant from grade 10 and one from grade 11, as we are focusing on safer partying throughout the school year (ie. semi-formals, sporting events, “Pep Rallies”, etc.). Please print the names of the staff and students who will attend in the boxes below.
